PART NUMBER: **GCX101-49-3**

DESCRIPTION: **GCX Channel to span (3) rails at 20-28” between rails**

To mount a variety of equipment such as computer arms and equipment or swing-arm IV pole. Includes (3) pre-installed adapters. Does not include monitor, key pad and swing arm.

DIMENSIONS: **49”H x 4”W (additional custom length available)**

- Mounts to “EVOLUTION,” Fairfield-style Medical Equipment Management Rail using a snap action adapter with positive snap attachment lock feature.
- Integrated Allen screws provide the ability to lock the adapter in place on rail.
- Standard adapters are plastic with embedded anti-microbial compound.
- Some accessories requiring heavy-duty capacity will be provided with extruded aluminum adapter(s) for added strength.
- Adapter Plates are aluminum with an anti-microbial powder coat painted finish (AMF).
