

CHALLENGE:

Traditional mounting of equipment often looks inconsistent and unplanned.

Installation mistakes render certain existing devices inoperable.

SOLUTION:

The utilization of “Evolution” Equipment management Rail creates a neat and organized environment for patients and staff.

This gives the impression of well managed environment which has a direct positive impact on the perception of the care they receive.

Perception = Reality
Increased HCAHPS scores =
Increased reimbursements

Mounting to the “Evolution” Equipment Management Rail allows for orderly process and unlimited changes.

- Adapters and mounting plates embedded with active anti-microbial infection technology
- Devices, Equipment, and Accessories snap-on and snap-off
- Lockable snap-on adapter for tamper-proof placement of items
- Flexible, Adaptable, Expandable for limitless contractual changes and user definition of space without facility burden
