Reduce Room Lifecycle Costs

PALADIN HEALTHCARE®

CHALLENGE:

Traditional mounting of equipment is a consistent drain on precious financial resources caused by changing contracts, new technology, and staff requirements.

SOLUTION:

Virtually eliminate the need for lost patient stay revenue due to patch and repair from changing device and supply contracts and the need to move equipment.

The "Evolution" Equipment Management Rail System allows for unlimited changes of items and equipment. Simply unlock the adapter and items snap-on and snap-off at will.

The burden of change is on the adapter and mounting hardware, not the walls and the furnishings.

- Rail inlay changes for endless design options over time.
- Adapters and mounting plates embedded with active anti-microbial infection technology
- Devices, Equipment, and Accessories snap-on and snap-off
- Lockable snap-on adapter for tamper-proof placement of items
- Flexible, Adaptable, Expandable for limitless contractual changes and user definition of space
